Career Objective

Innovative entry level data analyst with virtual internship experience at Accenture Australia, PwC Switzerland and Google Data Analytics Certification. Currently seeking a more engaging role to apply my data analytics skills to tackle humanitarian and business challenges.

Skills

- Database querying and management (SQL)
- Data Visualization (Tableau)
- Data wrangling and vizualization (Power BI)
- Spreadsheet management and presentation (MS Excel & PowerPoint)
- Data cleaning, manipulation and statistical analysis (Python & R)

Work Experience

April - May 2022
KPMG Australia/PwC Switzerland

Virtual Data Analytics Intern
- Optimised marketing strategy for 1000 new customers of a bikes and cycling accessories company.
- Created dashboards on Power BI to reflect relevant KPIs for a call centre company

June 2022
- Analyzed Nigeria's COVID-19 data and created dashboard to display insights
